

The Internet Gate with built-in FXO port

Written by Administrator

Tuesday, 24 March 2009 09:38 -

The old telephone line is still useful with VoIP!

- Local PSTN gateway in and out
- Answer your PSTN line from your laptop wherever you are
- Emergency calls, 112 or 911
- Reliability by PSTN backup, local calls, incoming calls on old telephone line integrated
- Integrates well with operator services and open SIP community

What are the steps to get there?

1. Get the Internet Gate.
2. Connect the phone line to the FXO port.
3. The Internet Gate may be automatically configured via the service provider or manually by the user.
